Using VidGrid to Record Yourself and/or Your Screen updated 2022-09-02

- 1. Go to your Canvas course space
- 2. Go to Announcements (or anywhere you can access the rich-text editor)
- 3. Create a new Announcement
- 4. Click into the textbox and above it is the Rich Content Editor
- 5. Click on the plug icon see pink arrow in the image below

The menubar will display above the Rich Content Editor [1]. The menubar includes the same tools as found in the toolbar [2], but in a format that is easier to navigate with a keyboard.

To view a window with a list of keyboard navigation shortcuts, click the **Keyboard** icon [3] or press **Alt+F8** (on a PC keyboard) or **Option+Fn+F8** (on a Mac keyboard) simultaneously on your keyboard.

- 6. Click VidGrid Embed
- 7. If you get this message, click the Click Here to Continue button

Logging you into your account

8. Click the video recorder icon to record yourself, your screen, or yourself and your screen

9. Click Download

10. Click Download

•	
VidGrid Screen Recorder (2).exe	v
Application (*.exe)	~

11. Click Save

This is your recorder tool guide:

- 1 = your recording tool bar
 - Click the microphone icon to change your audio input
 - Click the webcam icon to change the content of your recording.
 - You can record yourself by selecting "webcam only"
 - Record you and your screen by selecting "integrated webcam"
 - Record just your screen by selecting "none"
 - Click the cog wheel for additional settings like enabling mouse click tracking
- 2 = your screen recording area
- 3 = how you change your screen recording area
 - Click the drop-down arrow to change the amount of your screen you are capturing

- 16. When you are ready to record, click the record button
- 17. While you are recording you can

Click the webcam to turn on/off your webcam Click the pause button to pause/restart/start your recording

Click the paintbrush icon to markup your screen

Click the X icon to exit out of the markup menu and return to your recording menu

18. Stop recording by clicking the check mark icon

19. Once your recording is finalized, OR if you uploaded an MP4 file, you will be presented with the following window:

×

VidGrid Embed

Click the Actions menu button to rename, edit, get a link, or add captions to your video.

20. Once you are ready to share your video, use VidGrid Embed in the rich-text tool bar anywhere you get a textbox in Canvas. Or, go to the Actions menu of your recording, click Copy link, and share the link via email/message/etc.
